FASHION Philippines

NEW YORK | MILAN 2026

Following the successful showcases in New York and Milan, selected pieces from participating brands make their Manila FAME debut in a special curated exhibition. The exhibition celebrates the growing global presence of Philippine fashion and its continued journey on the international stage.

CREATE LAB

CREATELab is an onsite branding design clinic in partnership with the Communication Design Association of the Philippines (CDAP), which provides expert guidance to MSMEs on how to enhance their branding, marketing and design strategies.

THE ARTISANS VILLAGE

A business development and design consultation program to create sustainable home decor, furniture, gifts, and wearables crafted from native materials and shaped by local communities in Bohol, Isabela, Kalibo, and Tarlac.

This showcase was guided by Global Trend Ambassador Patti Carpenter, Product Designer Emma Gutierrez, and Business Consultant Carol Campbell, who trained local artisans to create competitive, market-responsive products.

FEATURED PROVINCES AND REGIONS

BOHOL ISABELA KALIBO TARLAC

Home at FAME

Curated by veteran designer Milo Naval, Home at FAME explores modern minimalism in furniture and lighting through the lens of Bloom. The setting illustrates growth, renewal, and the quiet strength of Philippine design, featuring 10 companies.

COMPONENTS

Now on its third year, Philippine Components highlights the infinite design possibilities of custom coverings, parts, and fittings. The showcase features bespoke elements, including wall coverings and panels, designed for hospitality, architectural, and interior applications.

KATHA AWARD
For Design Excellence

A hallmark of Filipino design excellence, the Katha Awards celebrates and recognizes innovative products, components, and outstanding brands.

Manila FAME 2026

The 2027 design landscape marks a shift toward "profound genuineness," where luxury is defined by the soul of an object and the integrity of its origin. This global craving for sensory connection is the heartbeat of Manila FAME 2026: Bloom.

Carrying forward the essence of 2025's "Objects of Nature," this year's theme further explores the inextricable link between the human spirit and the natural world.

Bloom represents the evolution of raw materials into refined mastery. By merging indigenous Filipino techniques with sustainable innovation, we respond to the rise of fluid, organic environments. From hallmark fibers like abaca and bamboo to modern material breakthroughs, we showcase the Philippines as the premier destination for thoughtful luxury—offering a design identity that is sharp, purposeful, and unmistakably human.

DESIGN COMMUNE
HOME & LIGHTING

For the culmination of Manila FAME's product development program, veteran curator and creative strategist Tony Gonzales mentors five emerging talents—Uzel Alconera, Jaime Brias, Reine Shih, Jim Zarate Torres and Dya Tsyna. Together with 20 manufacturers, they will reveal original home decor pieces in a showcase that mimics an art installation.

DESIGN COMMUNE
HOLIDAY:
PASKO X PASQUA

Designer Josef Crisanto marks the return of a dedicated holiday feature anchored by Pasko (Christmas) and Pasqua (Easter), signifying reflection and rebirth. Crisanto mentors rising designers Clark Mendoza and Razel Mari alongside 12 manufacturers.
